

Conditions for adding phone numbers

What phone numbers can be added?

The purpose of this forum is to share experience with phone numbers, both annoying (especially telemarketing, surveys) and useful (e.g. couriers, authorities). It is, however, forbidden to add phone numbers of natural persons, as well as nonsensical or randomly generated phone numbers.

How many phone numbers can be added?

For safety reasons, the number of phone numbers you can add in one day is limited. This number is variable and is decided by our system. Normally, you should not hit this limit. If you do reach the limit for adding phone numbers into the system, please wait until the next day.

How do we handle phone numbers?

We reserve the right to delete a phone number, especially if a phone number belongs to a natural person or is nonsensical or randomly generated.

Validity of the conditions

We keep these conditions updated. Last changed on 24th May 2018. The operator of the Service reserves the right to change these conditions at any time in any way without stating a reason.
